

Freeding on an iPad, iPod Touch or iPhone

1. Using an Internet browser on your iPad or iPhone, visit **<http://freeding.mathewslibrary.org>**
2. Log in using your **Library Card Number** and **PIN**.
3. If you don't already have the free **Freeding app**, you can download it from this page.
4. In your browser, peruse the collection for an eBook.
5. Tap on the eBook cover and select the **[Download epub]** link below the cover.
6. A new window will appear for you to choose an app. Tap the **[Open in...]** button and select the **Freeding** app from the list of available options.
7. The first time you download a book into the Freeding app the book cover will appear, but it will say **Download Failed**, until you select the **[i]** (to the right of the book cover) and are prompted to activate the app with an **Adobe ID**.

Help with your PIN: The PIN required to access Freeding is the same as the password used to access your library account online. If you have not created a password for your account, click the "my library Account" link on the library website (www.mathewslibrary.org). Enter your barcode number and the temporary password, "userpass". You will be presented with a dialog box where you may enter a new password. If you have forgotten your password, please ask staff to reset it for you.
